PLAYER TOTALS

FINAL GAME TOTAL

25

WINNER: ☒ ALICE ☐ Bob

PLAYER B

FINAL GAME TOTAL

32

SIGNATURES: A. Miller B. Chen
PLAYER A PLAYER B

1 Player name & goal

Enter the player's name; select 25 (rec) or 50 (pro), or type a custom goal.

3 Record fouls per rack

Enter foul count for this rack in the FOULS cell. Bob committed 1 foul in Rack 1.

5 RACK TOTAL = marks – fouls

Count the marks that rack (a running BALLS MADE tally is optional) and subtract fouls. Alice R1: 7 – 0 = 7. Bob R1: 8 – 1 = 7. Scores can go negative.

7 Final Total = winning line

The last GAME SUBTOTAL is the FINAL GAME TOTAL. Alice reached 25 in Rack 4 to win the match; play stops the instant the target is met, even if the rack is unfinished.

9 Both players sign

Both players sign to confirm the score sheet is agreed. Then Save Result.

2 MARK specific balls (mandatory)

Mark each ball's numbered circle on the player who pocketed it. Tallies alone do not count. Marking your opponent's balls for them is a courtesy.

4 RECONCILE at the end of every rack

Both players confirm together: the two sides' marks must total 15 and no ball may be marked on both sides. Required at Columbia Cue Club tournaments.

6 GAME SUBTOTAL is a running balance

Cumulative sum of Rack Totals so far, like a checkbook balance. Alice: 7, 14, 22, 25. First to the goal wins.

8 Pick the winner

Only one radio can be selected. Selecting a winner also updates the bracket.
