PLAYER TOTALS										PLAYER TOTALS											
FINAL GAME TOTAL										FINAL GAME TOTAL											
19										13											
WINNER: ☒ ALICE ☐ Bob										SIGNATURES: <u>A. Miller</u> <u>B. Chen</u> PLAYER A PLAYER B											

1 Player name & goal

Enter the player's name; select 25 (rec) or 50 (pro), or type a custom goal.

3 Record fouls per rack

Type foul count for this rack in the Fouls cell. Bob committed 1 foul in Rack 1.

5 GAME SUBTOTAL is a running balance

Cumulative sum of Rack Totals so far, like a checkbook balance. Alice: 5, 8, 13, 19. First to the goal wins.

7 Pick the winner

Only one radio can be selected. Selecting a winner also updates the bracket.

2 Tap balls when pocketed

Tap a ball to mark it. Filled = pocketed, unmarked = not pocketed. Rack 1 shows Alice pocketed 1, 3, 5, 7, 9.

4 RACK TOTAL = Balls Made – Fouls

Auto-computed per rack per player. Alice R1: 5 balls – 0 fouls = 5. Bob R1: 4 – 1 = 3.

6 Final Total = winning line

The last GAME SUBTOTAL is the FINAL GAME TOTAL. Alice finished at 19 (goal 25 not reached in demo). Winner is decided by whoever reaches the goal first — in a real match, keep racking.

8 Both players sign

Both players sign to confirm the score sheet is agreed. Then Save Result.
