### 1 Write player name & mark goal box

Write the player's name on the NAME line. Check the 25 (rec) or 50 (pro) box, or write a custom goal on OTHER.

### 2 Mark each ball as it's pocketed

When a player pockets a ball, mark inside its circle in that rack row (a dot, slash, or X - whatever's fastest). Unmarked = not pocketed. Balls are worth 1 point each.

### 3 Write # of fouls this rack

Write the number of fouls that player committed during this rack in the FOULS cell. Foul = -1 point.

### 4 RACK TOTAL = balls made - fouls

RACK TOTAL at the end of each rack: count the balls you marked, subtract fouls, write the result. Like one line's amount in a checkbook.

### 5 GAME SUBTOTAL = last SUBTOTAL + this RACK

GAME SUBTOTAL = the previous rack's GAME SUBTOTAL + this rack's RACK TOTAL. First rack: GAME SUBTOTAL = RACK TOTAL. It's a running balance, like a checkbook. First player to their goal wins.

### 6 Enter High Run at end of match

HIGH RUN = the most balls marked in a single rack for that player. Write once, at end of match.

### 7 Check winner + both sign

Check WINNER box for the player who reached their goal first. Both players sign to certify.

### 8 Photocopy for records; original to Bracket Desk

Keep a photocopy in the match binder; the paper original goes to the Bracket Desk for entry into the app.
